## Why Choose BMSS?

### We Provide **Peace of Mind**

It is our ultimate goal to provide uncommon professional service for all. We strive to be intentional where others are unintentional. With our remarkable, talented team in your corner, success is on the horizon and peace of mind is just around the corner.

### We Believe **Relationships Matter**

We take on your challenges as if they were our own, and we celebrate your successes because, ultimately, they are our successes too. You're not just an item on our to-do list—you're an extension of the BMSS family.

### We Know That Every Client Has **Different Needs**

We recognize that no two clients are alike, which is precisely why our engagements are tailored to suit the particular needs of each client. We're large enough to offer specialized expertise, yet small enough to value personal relationships.

### We Are One of the **"Best Places to Work"**

Our fun company culture and life/work balance are key factors in our incredibly high employee retention rate of 92%. That means each year, you'll be working with the same team that knows you, knows your business and knows your needs.

### We Offer **Value-Added Solutions**

We don't want just to be your CPA; we want to be an extension of your business by helping you navigate challenges and to be a part of the solution. This is exactly what led us to create our sister companies that can meet the wealth management, technology and human capital needs of our clients.
