Helping your leaders become a more cohesive, functional, healthy leadership team.

DAVID KING has been part of BMSS' leadership team since 1996 as Firm Administrator and Chief Operations Officer, primarily responsible for operations and strategic plan execution. During that time, the firm has grown from \$2 million to a \$32 million multi-office firm. Implementing EOS in 2015 allowed the firm to break through a ceiling and **double in size over the next four years**. Realizing the tremendous benefit that EOS is to any entrepreneurial business, David has transitioned out of much of the day-to-day operations of his Firm Administrator and COO roles and has become a Professional EOS Implementer[®]. He is passionate about helping entrepreneurs get the most out of their business.
