

CONSUMER BUSINESS

It's Your Turn to Receive Excellent Customer Service

Business owners like you know that excellent customer service is crucial to your business, and you value it as a top priority. This is exactly why you need a CPA with the **same client-service philosophy**. Owning and managing a hospitality company, such as a restaurant, retail store or franchise, requires **balancing real issues to maximize profitability and enhance success**. Your business requires continuous cash-flow planning and timely financial statements that are regularly reviewed and used as a management tool. **BMSS' expertise goes far beyond traditional accounting and tax services**. We help clients like you make the most of current depreciation laws, secure refinancing of equipment, consult on product profitability and build incentive plans and benefit programs to attract and retain the very best employees.
