

OIL AND GAS

Helping You Fuel Your
Financial Success

In the oil and gas industry, innovation is a lifeline—but optimizing your finances is equally important. At BMSS, we have a wealth of experience in the challenges facing our oil and gas clients. Our team leverages **years of knowledge and experience to guide insights and assist your business** in meeting its financial goals. We work closely with key staff and teams to execute strategic plans and challenges. Trust that everything from audits to state and local taxes are in good hands when we work with your business.

How We Serve **Clients in Your Industry**

Petroleum Accountants Society of Mississippi

Council of Petroleum Accountants Societies

EXPERTISE

We work with over 50 oil and gas clients who produce and sell products such as crude oil, base oils, and asphalt, and who also provide storage services to other oil and gas companies.

BMSS has been partnering with clients in the oil and gas industry since the 1960s, watching them grow into multi-billion-dollar companies.
